Sample number ending in U - untreated - input sediment sample; sample number ending in T - treated

sediment sample.

We are on track to provide the results of the bench-scale results and the CPG's intentions with respect to sediment washing pilots for RM 10.9 sediments on September 17 as required by the AOC. The CPG would like to see the EPA splits and confirm the CPG's results as prepare our letter report summarizing bench-scale results.
